Hey there,

I'm Gina and I'm a game dev artist with 7 years of professional experience. Previously I worked at **King Art**, where my field of application ranged from stylized concepts and models for props, characters and environments to UI, loading screens, managing art outsourcers and style development. 3D printing and illustration for various media is also among my skills.

Please follow the Website Link below to get to my Portfolio at Artstation.

My ability to relocate is currently limited and Remote/Hybrid is preferred.

I'm not actively looking for freelance work, however, if you have something in mind feel free to contact me.

Cheers!
